Independent Auditor's Report

To the Board of Directors of
Ronald McDonald House of Houston, Inc.
Houston, Texas

Report on the Financial Statements

We have audited the accompanying financial statements of Ronald McDonald House of Houston, Inc. (RMH Houston) which comprise the statements of financial position as of December 31, 2020 and 2019, and statements of activities, functional expenses, and cash flows for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

The Board of Directors of
Ronald McDonald House of Houston, Inc.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of RMH Houston as of December 31, 2020 and 2019, and the changes in its net assets and cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Notes to Financial Statements

Note 1. Organization and Summary of Significant Accounting Policies

Organization

Ronald McDonald House of Houston, Inc. (RMH Houston) is a Texas nonprofit corporation. The mission of RMH Houston is to offer a comfortable, safe, and reliable *home away from home* providing care, compassion and hope to families with seriously ill children being treated in Texas Medical Center member institutions. RMH Houston owns and operates Holcombe House, a 70-bedroom house on Holcombe Boulevard in the Texas Medical Center in Houston, Texas. Holcombe House provided approximately 10,246 nights of lodging in 2020 and approximately 22,087 nights of lodging in 2019.

RMH Houston also operates a 19-bedroom house inside Texas Children's Hospital (TCH), a 14-bedroom house inside Children's Memorial Hermann Hospital, four Family Rooms inside TCH, a Family Room inside M.D. Anderson Children's Cancer Hospital and a Cookie Corner inside TCH's campus in West Houston.

Affiliated Organization

Houston House Foundation (the Foundation) was created in November 1989 with a contribution of \$3.2 million from RMH Houston. The Foundation was established exclusively for the benefit of RMH Houston. The Board of Directors of the Foundation have discretionary authority to determine the amount, manner and times for payment of any amounts to RMH Houston.

Basis of Accounting and Financial Statement Presentation

The accompanying financial statements are prepared on the accrual basis of accounting, which recognizes support and revenue when earned and expenses when incurred. The financial statements of RMH Houston are presented in accordance with accounting principles generally accepted in the United States of America applicable to not for profit organizations. Financial position and activities are reported according to two classes of net assets: (i) net assets without donor restrictions and (ii) net assets with donor restrictions.

Federal Income Tax Status

RMH Houston is exempt from federal income tax under §501(c)(3) of the Internal Revenue Code and is classified as a public charity under §509(a)(1).

Contributions receivable

Contributions receivable that are expected to be collected within one year are reported at net realizable value. Amounts due in more than one year are discounted, if material, to estimate the present value of future cash flows. An allowance for uncollectible contributions receivable is provided when it is believed balances may not be collected in full. Any loss on contributions receivable recognized and the resulting adequacy of the allowance is determined using a combination of historical loss experience and analysis of individual balances. RMH Houston's policy is to write off balances against the allowance when management believes they will not be collected.

Ronald McDonald House of Houston, Inc.

Notes to Financial Statements

Investments

Investments are reported at fair value. Net investment return consists of interest, dividends, realized and unrealized gains and losses, net of external and direct internal investment expenses. Net investment return is reported in the statement of activities as an increase or decrease in net assets without donor restrictions unless the use of the income is limited by donor-imposed restrictions.

Prepays

Prepays consist primarily of payments made in advance for expenses related to future periods.

Property and Equipment

Property and equipment are reported at cost if purchased and at fair value at the date of donation. Depreciation is computed on a straight-line basis over estimated useful lives of 3 to 35 years. RMH Houston capitalizes additions and improvements that have a tangible future economic life and a cost of more than \$1,000.

Net Asset Classification

Net assets, revenue, gains, and losses are classified based on the existence or absence of donor-imposed restrictions, as follows:

- *Net assets without donor restrictions* are not subject to donor-imposed stipulations even though their use may be limited in other respects such as by contract or board designation.
- *Net assets with donor restrictions* are subject to donor-imposed stipulations. Restrictions may be temporary in nature, such as those that will be met by the passage of time or use for a purpose specified by the donor, or may be perpetual in nature, where the donor stipulates that resources be maintained in perpetuity. Net assets are released from restrictions when the stipulated time has elapsed, or purpose has been fulfilled, or both. Contributions of long-lived assets and of assets restricted for acquisition of long-lived assets are released when those assets are placed in service.

Contributions

Contributions are recognized as revenue at fair value when an unconditional commitment is received from the donor. Contributions received with donor stipulations that limit their use are classified as restricted support. Conditional contributions are recognized in the same manner when the conditions are substantially met.

Special Events

Special events revenue is recognized when the event occurs. Amounts received in advance of the event represent conditional contributions and are reported in the statement of financial position as deferred revenue. Direct donor benefit costs represent the cost of goods and services provided to attendees of special events.

Ronald McDonald House of Houston, Inc.

Notes to Financial Statements

In-Kind Contributions

Donated materials and use of facilities are recognized at fair value as contributions without donor restrictions when an unconditional commitment is received from the donor. The related expense is recognized as the item is used. Contributions of services are recognized when services received (a) create or enhance nonfinancial assets or (b) require specialized skills, are provided by individuals possessing those skills, and would typically need to be purchased if not provided by donation.

House Occupancy Fees

House occupancy fees are recognized at the time services are provided, net of estimated uncollectible amounts and discounts based on a family's ability to pay.

Functional Allocation of Expenses

Expenses are reported by their functional classification, including direct donor benefit costs, as program services or supporting activities. Program services are the direct conduct or supervision of activities that fulfill the purposes for which RMH Houston exists. Fundraising activities include the solicitation of contributions of money, securities, materials, facilities, other assets, and time. Management and general activities are not directly identifiable with specific program or fundraising activities. Expenses that are attributable to one or more program or supporting activities are allocated among the activities benefitted. Salaries and related costs are allocated on the basis of estimated time and effort expended. Depreciation, interest expense, and occupancy costs are allocated based on square footage. Information technology costs are allocated based on estimates of time and costs of specific technology utilized.

Estimates

Management must make estimates and assumptions to prepare financial statements in accordance with generally accepted accounting principles. These estimates and assumptions affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities, the amounts reported as revenue and expenses, and the allocation of expenses among various functions. Actual results could vary from the estimates that were used.

Upcoming Accounting Pronouncements

In February 2016, the Financial Accounting Standards Board (FASB) issued ASU 2016-02, Leases (Topic 842), a comprehensive new standard that amends various aspects of existing accounting guidance for leases, including the recognition of a right of use asset and a lease liability for leases with duration greater than one year. The guidance is effective for fiscal years beginning after December 15, 2021, including interim periods within those fiscal years. This standard can be implemented using a modified retrospective approach, under which provisions are applied to all applicable leases as of the beginning of the earliest period presented, or at the date of adoption with the recognition of a cumulative effect adjustment to the opening balance of net assets in the period of adoption. Early adoption is permitted. RMH Houston is currently evaluating the effect that the new standard will have on its financial statements; however, RMH Houston anticipates that upon adoption of the standard RMH Houston will recognize additional assets and corresponding liabilities related to leases on RMH Houston's statements of financial position.

Ronald McDonald House of Houston, Inc.

Notes to Financial Statements

Note 2. Liquidity and Availability of Resources

Financial assets available for general expenditure, that is, without donor or other restrictions limiting their use within one year of December 31, 2020, comprise the following:

Financial assets	
Cash and cash equivalents	\$ 1,254,442
Investments	507,605
Contributions receivable	784,221
Contributions receivable from Houston House Foundation	<u>1,600,000</u>
Total financial assets, year end	4,146,268
Less financial assets not available for general expenditure	
Long-term portion of contributions receivable	(125,000)
Net assets with donor restrictions	(228,401)
Board-designated net assets	<u>(1,600,000)</u>
Total financial assets not available to be used within one year	<u>(1,953,401)</u>
Total financial assets available to meet general expenditures within one year	<u>\$ 2,192,867</u>

For purposes of analyzing resources available to meet general expenditures over a 12-month period, RMH Houston considers all expenditures related to their ongoing mission of providing a comfortable, safe, and reliable *home away from home* to families with seriously ill children being treated in Texas Medical Center member institutions, as well as the activities undertaken to support this mission, to be general expenditures.

RMH Houston regularly monitors liquidity required to meet operating needs while striving to maximize the investment of available funds. As part of RMH Houston's liquidity management, financial assets are structured to be available as its general expenditures, liabilities, and other obligations come due. The Board of Directors has designated resources without donor restrictions to be used for specific purposes. However, these funds remain available to be spent at the discretion of the Board of Directors.

Ronald McDonald House of Houston, Inc.

Notes to Financial Statements

Note 3. Contributions Receivable

Contributions receivable consist of the following:

	2020	2019
Contributions receivable	\$ 838,276	\$ 1,443,821
Discount to net present value at 1.98%	(2,903)	(12,069)
Allowance for uncollectible contributions receivable	(51,152)	(50,666)
Contributions receivable, net	\$ 784,221	\$ 1,381,086

Contributions receivable at December 31, 2020 and 2019, are expected to be collected as follows:

	2020	2019
Within one year	\$ 713,276	\$ 968,821
In one to four years	125,000	475,000
Total contributions receivable	\$ 838,276	\$ 1,443,821

Contributions receivable at December 31, 2020 include approximately \$550,000 of balances outstanding from the capital campaign. Most of the donor restrictions were satisfied during 2018 when the building was placed in service. The proceeds from the remaining receivables will be used to reduce debt outstanding of approximately \$449,000 that arose when construction payables were paid during 2019.

Note 4. Concentration of Credit Risk

At December 31, 2020, approximately 55% of contributions receivable were due from two donors. At December 31, 2019, approximately 61% of contributions receivable were due from two donors.

Note 5. Investments

Generally accepted accounting principles require that certain assets and liabilities be reported at fair value and establish a hierarchy that prioritizes inputs used to measure fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The three levels of the fair value hierarchy are as follows:

- Level 1 – Inputs are unadjusted quoted prices in active markets for identical assets or liabilities that the reporting entity has the ability to access at the reporting date.
- Level 2 – Inputs are other than quoted prices included in Level 1, which are either directly observable or can be derived from or corroborated by observable market data at the reporting date.
- Level 3 – Inputs are not observable and are based on the reporting entity's assumptions about the inputs market participants would use in pricing the asset or liability

Ronald McDonald House of Houston, Inc.

Notes to Financial Statements

Mutual funds are valued at the reported net asset value. Investments measured at net asset value are excluded from the fair value hierarchy. RMH Houston's investments as of December 31, 2020 and 2019 were comprised solely of federal short-term bond mutual funds totaling \$507,605 and \$507,127, respectively.

Investments are exposed to various risks such as interest rate, market, and credit risks. Because of these risks, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of financial position and statement of activities.

Note 6. Property and Equipment

Property is comprised of the following:

	2020	2019
Use of Texas Medical Center land	\$ 1,100,000	\$ 1,100,000
Building	29,293,169	29,293,169
Building improvements	2,036,294	2,014,294
Furniture and equipment	1,857,042	1,843,586
Total property and equipment, at cost	34,286,505	34,251,049
Accumulated depreciation and amortization	(9,828,086)	(8,500,515)
Property and equipment, net	\$ 24,458,419	\$ 25,750,534

Use of Land

RMH Houston entered into a 99-year lease agreement for \$1 per year with the Texas Medical Center on September 1, 1995 for the use of the land on which Holcombe House is located. The estimated fair value of this agreement of approximately \$1.1 million is reported as property and is being amortized over the life of the lease.

Note 7. Line of Credit

RMH Houston has available a \$4,000,000 line of credit with a bank, expiring on October 24, 2022. Interest is payable monthly at LIBOR plus 1.75%. The line is secured by contributions receivable and proceeds from the Behind Every Door capital campaign. The outstanding balance as of December 31, 2020 and 2019 was \$448,805 and \$1,273,048, respectively. The borrowings are to finance capital campaign project costs due to be paid before contributions receivable are collected.

Ronald McDonald House of Houston, Inc.

Notes to Financial Statements

Note 8. Net Assets Without Donor Restrictions

Net assets without donor restrictions are comprised of the following:

	2020	2019
Undesignated	\$ 1,595,404	\$ 789,231
Undesignated invested in property, net	24,458,419	25,750,534
Board designated for capital projects	1,600,000	1,900,000
Total net assets without donor restrictions	\$ 27,653,823	\$ 28,439,765

During 2017, the Foundation's Board of Trustees designated \$2,500,000 to support *Behind Every Door* capital campaign projects, \$300,000 of which was transferred to RMH Houston in 2018, 2019 and 2020, respectively.

Note 9. Net Assets With Donor Restrictions

Net assets with donor restrictions are restricted as follows:

	2020	2019
Subject to expenditure for specified purpose:		
Other RMH Houston operations and supplies	\$ 167,521	\$ 120,792
Family activities and services	60,880	52,481
Total net assets with donor restrictions	\$ 228,401	\$ 173,273

Note 10. Volunteer Services

Volunteers provide guest, maintenance, and administrative services that are integral to the operation of Holcombe House and in-hospital programs. During 2020, approximately 416 volunteers donated 8,750 hours for such services to in-hospital programs and 2,300 hours to Holcombe House. During 2019, approximately 592 volunteers donated 15,186 hours for such services to in-hospital programs and 12,501 hours to Holcombe House. No amount has been recognized in the financial statements for these volunteer services because they do not meet the criteria for recognition under generally accepted accounting principles.

Note 11. Retirement Plan

RMH Houston has a §401(k) retirement plan which covers all employees. RMH Houston contributes an amount equal to 3% of each employee's salary. In addition, RMH Houston will match 100% for each percent the employee contributes up to 3%. The employer-paid matching contribution was suspended on June 15, 2020, and reinstated, subsequent to year-end, on January 15, 2021. RMH Houston contributed \$85,472 to the plan in 2020 and \$125,140 to the plan in 2019.

Ronald McDonald House of Houston, Inc.

Notes to Financial Statements

Note 12. Operating Leases

RMH Houston leases certain office space used in its operations. Operating lease payments for the year ended December 31, 2020 and 2019 were approximately \$67,000 and \$101,000, respectively. As of December 31, 2020, there are no future minimum annual lease payments under noncancelable operating leases.

Note 13. Payroll Protection Program

In April 2020, RMH Houston participated in the Paycheck Protection Program (PPP) loan program authorized under the CARES Act and secured financing through a financial institution for \$452,485 at 1.00% interest (the First Draw PPP Loan). The loan is guaranteed by the Small Business Administration. The loan qualifies for 100% forgiveness if certain criteria are met. As of December 31, 2020, management has determined that the conditions for forgiveness for the First Draw PPP Loan had been met and recorded the loan forgiveness as a contribution on the accompanying statement of activity.

Note 14. COVID-19

Management has concluded that the COVID-19 outbreak in 2020 may have a continued significant impact on RMH Houston in general but the potential impact on the Organization is not currently measurable. RMH Houston has curtailed operations at its program locations, suspended on-site volunteer programs, adjusted fund-raising emphasis, and in-person events to protect its visitors, staff, volunteers, and donors from the potential spread of COVID-19. The extent of the impact of COVID-19 on RMH Houston's operational and financial performance will depend on developments such as the continued duration and spread of the outbreak, deployment and efficacy of vaccinations, impact on donors, employees, and vendors, all of which are uncertain and cannot be predicted. Therefore, while RMH Houston expects this matter to negatively impact its operating results and financial position, the financial impact cannot be reasonably estimated at this time.

Note 15. Subsequent Events

Management has evaluated subsequent events through May 12, 2021, which is the date that the financial statements were available for issuance.

PPP Loan

In February 2021, RMH Houston participated in the Second Draw PPP Loan program and secured financing through a financial institution for \$466,987 at 1.00% interest (the Second Draw PPP Loan). The loan is guaranteed by the Small Business Administration. The loan qualifies for 100% forgiveness if used for qualifying expenses. Management expects the loan proceeds to be used for qualifying expenses and will submit in 2021 the forgiveness application for this Second Draw PPP Loan.
